-The APPEAL is informed that at the meeting of the new Board of the Water company yesterday President Latham insisted on his resignation, claiming as the reason that he had not been sustained by the for-mer Board, and that the new Board should be left free to select a President of their choice, and one whom they could cordially support. After the acceptance of his resignation the Board re-elected him, fully approving his proposed improvements, and authorizing their vigorous prosecution. It is understood they also materially increased his salary. He accepted. -In the haste in "writing up" the iten

the attempt to escape jail, caused by the late hour at which the information was received, an unintentional error was made in stating that Deputy-Sheriff Bannon was on duty at the time. Deputy-Sheriff Charles R. Stewart was temporarily on duty at the time, Jailer John Leslie having gone to the court-house to attend to some official duties. It was Officer Stewart who discovered the irregularity going on, and Officer Bannon assisted him in locating the trouble. Mr. Bannon is not responsible for the misstatement, and the correction is made in justice to Mr. Stewart. Both gentlemen deserve credit for their promptness of action in the premises. -Captain Sam Carnes's horse took fright

while standing in front of the depot of the Mississippi and Tennessee railway yester-day morning and dashed off with the buggy up Main street, over the unpaved side, threat-ening destruction to itself, the vehicle and all in its way. The buggy bounded over the pile of paving stones like an India rubber ball until Calhoun street was reached, when Po-liceman Jackson endeavored to check the runaway. The animal refused to be checked, but disengaged itself from the buggy and went flying out Calhoun street. The vehicle, which every one supposed would be torn to pieces, was only damaged to the extent of having one of the fore wheels crushed by con-tact with the lamp-post at the corner.

Colonel DuBose, Palmer's counsel, was successful in securing this order from the Supreme Court granting a new hearing of the case, after Palmer had served out a portion of his time, which is said to be of rare occurrence. Palmer's case was rather a peculiar one. He remained in the county jail several days after the above sentence was pronounced against him and it was not until after he against him, and it was not until after he had been sent to the penitentiary that any movement was made for an appeal to the

Wagons and Furniture Cars.

MEMPHIS, August 3, 1881. Editors of the Memphis Appeal How would it do for the Legislative Cou il to adopt an ordinance compelling de livery wagons to stand parallel with instead of perpendicular to the streets? There are only about eighteen feet between the stone and street-car tracks on Main and other streets, and a wagon and team takes up about sixteen feet of that space, thereby compelling vehicles passing either way to cross the rail-way tracks and take the opposite and fre-quently worst side of the street. When streetars are passing the annoyance become eral jam and causing delay, when otherwise such would not occur. These matters are regulated differently in other cities. BOB. guaranteed equal to any in every respect.

WE WILL NOT BE UNDERSOLD IN Belting, Shafting, Pulleys, etc. Large stock
Ames and Atlas Engines. Send for Illustrated Catalogue, with testimonials of live planters.

In view of the constantly increasing popularity and demand for the celebrated ARROW TIE, the universally recognized favorite Tie of Planters, Cotton Pressane and shippers of cotton generally, the McComb Tie Company, of New York, sole proprietors and manufacturers of said Tie, commanding unequaled facilities, have, in addition to their large stock on hand, contracted for increased quantities, sufficient to meet the largest demand for Cotton Ties to cover the entire crop of the coming season, and now, through their Agents generally, offer the popular and irrepressible ARROW TIE at the lowest market price, in bundles complete, it being the purpose of the Company to merit the continued patronage of the planting community, and defy all competition that may arise. The buckles are now securely riveted to the band, thus preventing the loss of same in shipping, and making a stronger Tie. For Sale by all Wholesale Grocers and Cotton Factors. J. J. McCOMB, President, New York.
